

DeWitt Community Hospital Foundation Annual Report 2024

CROSSROADS Health Foundation

Promoting Health & Wellness for DeWitt & Rural Clinton County

Dear Friends & Board of the Foundation:

In 2024, our foundation celebrated it's 28th Anniversary. Our anniversary was significant this year as our board voted unanimously to update our name to reflect our mission and reach. Our board contracted professionals to help us have a vision of our future and sustainability along with representation of who we are, with that our new name "**Crossroads Health Foundation**" was born. "Our new name reflects our commitment to health and wellness independent of the hospital", Robin Krogman states. "We're expanding our reach to serve all of rural Clinton County, reflecting our commitment to a regional approach to health," Mark Witte, President of Board reflects.

It was our 26th anniversary of our golf outing, we accomplished making the second most amount of money in the history of the golf outing. We proudly are funding all initiatives for the foundation. Thank you to the golf committee for your help pulling off with a lot of new things at our outing. Some say it was the best yet!

Helmets4OurKids- This is the 12th year for our head injury prevention program. This was a super big year as we gave out over 260 helmets to 2nd graders. Mr Law's business class helped with all aspects of this project. Ordering, sorting, putting together, and even delivering. It was amazing to have them all help.

Pink! 13 years of celebrating pink right here in Clinton County! We had a lot of marketing banners, flags, decorating, and most importantly our supporting local mammograms for those who could not afford them. Our success comes in the form of a support group and ambitious women on our committee.

We granted many important items in 2024 those items include : First In Airway bags for our ambulances, The foundation purchased our Ambulance Service bulletproof vests, Laparoscopy for OR.

Thank you to my board, donors and those who care for people in the healthcare field. Without all of you there would be no need for our foundation. We are doing great things together!!

Robin Krogman / Director

A Year in Review

Scholarship

Congratulations!

2024 Healthcare Scholarship Winners

This year, the DeWitt Community Hospital Foundation proudly awarded \$7500 in scholarships to local students and nurses pursuing or advancing their career in healthcare. Over the last 27 years, we've awarded over \$145,500 in healthcare scholarships.
